1. The Amendment filed June 27, 2002 (Paper No. 11) in response to the Office Action of December 19, 2001 (Paper No. 9) is acknowledged but has not been entered because an amendment canceling all claims drawn to the elected invention and presenting only claims drawn to a nonelected invention (see below) should not be entered, see MPEP 821.03

2. The amendment filed on June 27, 2002 (Paper No. 11) canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because the canceled elected invention is drawn to a vaccine for the inhibition or prevention of mesotheliomas or ovarian tumors comprising administering a mesothelin derived antigen to a patient while the newly added claims are drawn to SEQ ID NO:2 but not to a vaccine for the inhibition or prevention of mesotheliomas or ovarian tumors comprising administering a mesothelin derived antigen to a patient and further, the newly added invention differs in objectives, dosages, and criteria for success from the originally elected invention.

Since the above-mentioned amendment appears to be a bona fide attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
